Plaintiffs seek a refund of the taxes on behalf of a class of taxpayers, as well as injunctive and declaratory relief.

Volitis v. Blue Cross, Eastern District of Pennsylvania. This pending ERISA action challenges the methodology applied by Blue Cross to calculate plan participants' coinsurance payments. In re Live Concert Antitrust, MDL 1745. Plaintiffs in this multidistrict litigation allege that Clear Channel and its affiliates monopolized and attempted to monopolize the markets for live concerts and concert tickets by, inter alia, leveraging their position in radio markets to coerce performers to use their concert promotion services.

Title Insurance Cases, Eastern District of Pennsylvania. In these cases plaintiffs allege that Title Insurers and their agents overcharged homeowners for title insurance policies by failing to give refinance and reissue rate discounts as required.

International Fibercom Insurance Actions, District of Arizona. These related cases involve an insurance coverage dispute and bad faith claims arising out of a securities lawsuit which the firm previously litigated to a final judgment.

June 30, 2005) and 2005 WL 225040 (Del. Ch. Jan. 26, 2005). A settlement providing for a \$17.5 million fund for the Class was approved by the Court of Chancery on April 20, 2006.

- *IG Holdings, Inc. et.al. v. Hallwood Realty, LLC*, C.A. No. 20283-NC (Del. Ch.) This Action challenged the response of a Partnership's general partner to a tender offer and the eventual allocation of merger consideration between the general partner and limited partners. Ultimately, as a result of the litigation, the limited partners received a premium price for their units, protected by a floor.
- *Saito, et.al. v. McCall, et.al.*, C.A. No. 17132-NC (Del. Ch.) This Action involved derivative litigation on behalf of McKesson HBOC arising from alleged oversight violations by certain board members. The Court approved a settlement including a \$30 million fund for the Company's behalf, mechanisms to protect the independent prosecution of certain realigned claims, and other corporate governance benefits. The settlement represents a historically large achievement for cases of this type and was characterized by the Court of Chancery as "strikingly good" particularly in light of the "onerous path" presented by Delaware law for derivative Plaintiffs.
- *In re Chiron Shareholder Deal Litigation*, Consol. Case No. RG05-230567 (Cal). & *In re Chiron Corporation Shareholder Litigation*, C.A. No. 1602-N (Del. Ch.) These Actions sought to enjoin the proposed acquisition of shares of Chiron Corporation not already held by its 42% stockholder, Novartis AG. The Actions also sought to invalidate certain contractual provisions that effectively prevent Chiron board members from effectively discharging their unremitting fiduciary duties in accordance with Delaware law. Following briefing on a motion for preliminary injunction, a settlement was reached pursuant to which Novartis increased the offered merger consideration by \$330 million.
- *Gelfman et.al. v. Weeden Investors, L.P., et.al.*, C.A. No. 18519 (Del. Ch.) This Action alleged that the corporate general partner (and its board of directors) of a limited partnership violated contractual and fiduciary duties owed to limited partners. Following a trial on the merits, Plaintiffs prevailed on a substantial portion of their claims resulting in a judgment in favor of Plaintiffs. See e.g. 859 A.2d 89 (Del. 2004).

- *In re Textainer Financial Services Corporation, et al.*, Superior Court of California, County of San Francisco. This pending securities class action filed in 2005 arises out of proxy solicitations that were made to holders of limited partnership units issued by the Textainer Partnerships, a California Limited Partnership. The Complaint alleges that the defendants breached their fiduciary duties by approving a sale of the assets that provided the Limited Partners with inadequate consideration and by disseminating a misleading Proxy on which the Limited Partners were asked to cast their vote on the sale. In early 2006 the court denied the defendants' demurrer and certified the class.
- *DeBenedictis v. Merrill Lynch & Co., Inc.*, No. 04-404 (D. N.J.) This pending class action challenges the sufficiency of Merrill Lynch's prospectus disclosures for Class B shares in its proprietary mutual funds.
- *In Re: Canadian Import Antitrust Litigation*, No. 04-2724 (D. Minn.) - *Saito v. McCall*, No. Civ. A. 17132-NC (Del. Ch.) This derivative action is based on allegations that the officers, directors and advisors of two companies, McKesson and HBOC Inc. were aware of material accounting improprieties at HBOC Inc. previous to a merger of McKesson and HBOC Inc. On February 21, 2006, the Court of Chancery approved a settlement in which the Individual Defendants' insurers will pay \$30 million to the Company.
- *In re DVI Securities Litigation*, No. 2:03-CV-5336 (E.D. Pa.) This pending securities class action was brought on behalf of purchasers of DVI Securities. Plaintiffs' allege that DVI's financial reports violated generally accepted accounting principles by engaging in various deceptive schemes.

Mr. Sauder also assists in the prosecution of actions involving health and welfare issues, including actions to recover excessive charges due to fraud and other misconduct by health service providers, and antitrust claims to recover excessive prescription drug charges and other costs due to corporate collusion and misconduct.

Jessup International Law Moot Court team (1999-2001).

His practice includes the representation of companies, investors and consumers in complex antitrust, securities and consumer protection litigation. In *In re Pennsylvania Baycol Third Party Payor Litigation* (Phila. Ct. Common Pleas), a class action for which Chimicles & Tikellis served as co-lead counsel, Mr. Scott was instrumental in helping obtain partial summary judgment on liability; this was the first judgment to be entered against Bayer in the United States in connection with the withdrawal of Baycol. Mr. Scott also materially assisted in briefing a motion for class certification in that case, resulting in the certification of one of the few national class actions involving third party payors to be certified in a state court. Shortly before trial, the firm reached a settlement with Bayer in which Bayer agreed to pay class members a net recovery that approximates their maximum damages. In *Wong v. T-Mobile USA, Inc.* (E.D. Mich. 2006), a class action for which Chimicles & Tikellis serves as co-lead counsel, Mr. Scott was instrumental in briefing opposition to T-Mobile's motion to compel arbitration. In July 2006, the Court issued an opinion denying T-Mobile's motion, having concluding that the class action waiver contained therein was unenforceable. Mr. Scott's *pro bono* commitments include an effort to obtain asylum for a Colombian bacteriologist who was kidnapped, assaulted and threatened with death by the FARC rebels of Colombia. In this case, Mr. Scott argued and won remand from the Court of Appeals for the Third Circuit on a denial of asylum by the Department of Homeland Security. *Rojas-Contreras v. Monitoring Financial Investments

C&T Protects Clients' Financial Investments Through Securities Fraud Monitoring Services.

Backed by extensive experience, knowledge of the law and successes in this field, C&T utilizes various information systems and resources (including forensic accountants, financial analysts, seasoned investigators, as well as technology and data collection specialists, who can cut to the core of complex financial and commercial documents and transactions) to provide our institutional clients with a means to actively protect the assets in their equity portfolios. As part of this no-cost service, for each equity portfolio, C&T monitors relevant financial and market data, pricing, trading, news and the portfolio's losses. C&T investigates and evaluates potential securities fraud claims and, after full consultation with the client and at the client's direction, C&T will, on a fully-contingent basis, pursue legal action for the client on meritorious securities fraud claims.

Corporate Transactional

C&T Protects Shareholders' Interest by Holding Directors Accountable for Breaches of Fiduciary Duties

Directors and officers of corporations are obligated by law to exercise good faith, loyalty, due care and complete candor in managing the business of the corporation. Their duty of loyalty to the corporation and its shareholders requires that they act in the best interests of the corporation at all times. Directors who breach any of these "fiduciary" duties are accountable to the stockholders and to the corporation itself for the harm caused by the breach. A substantial part of the practice of Chimicles & Tikellis LLP involves representing shareholders in bringing suits for breach of fiduciary duty by corporate directors.

Practice Areas

Securities Fraud

C&T Protects and Recovers Clients' Assets Through the Vigorous Pursuit of Securities Fraud Litigation.

C&T has been responsible for recovering over \$1 billion for institutional and individual investors who have been victims of securities fraud. The prosecution of securities fraud often involves allegations that a publicly traded corporation and its affiliates and/or agents disseminated materially false and misleading statements to investors about the company's financial condition, thereby artificially inflating the price of that stock. Often, once the truth is revealed, those who invested at a time when the company's stock was artificially inflated incur a significant drop in the value of their stock. C&T's securities practice group comprises seasoned attorneys with extensive trial experience who have successfully litigated cases against some of the nation's largest corporations. This group is strengthened by its use of forensic accountants, financial analysts, and seasoned investigators.

Antitrust

C&T Enforces Clients' Rights Against Those Who Violated Antitrust Laws.

C&T successfully prosecutes an array of anticompetitive conduct, including price fixing, tying agreements, illegal boycotts and monopolization. As counsel in major litigation over anticompetitive conduct by the makers of brand-name prescription drugs, C&T has helped clients recover significant amounts of price overcharges for blockbuster drugs such as BuSpar, Coumadin, Cardizem, Relafen, and Paxil.

Real Estate Investment Trusts

C&T is a Trail Blazer in Protecting Clients' Investments in Non-Listed Equities.

C&T represents limited partners and purchaser of stock in limited partnerships and real estate investment trusts (non-listed REITs) which are publicly-registered but not traded on a national stock exchange. These entities operate outside the realm of a public market that responds to market conditions and analysts' scrutiny, so the investors must rely entirely on the accuracy and completeness of the financial and other disclosures provided by the company about its business, its finances, and the value of its securities. C&T prosecutes: (a) securities law violations in the sale of the units or stock; (b) abusive management practices including self-dealing transactions and the payment of excessive fees; (c) unfair transactions involving sales of the entities' assets; and (d) buy-outs of the investors' interests.

Practice Areas

Shareholder Derivative Lawsuits

C&T is a Leading Advocate for Prosecuting and Protecting Shareholder Rights through Derivative Lawsuits and Class Actions.

C&T is at the forefront of persuading courts to recognize that actions taken by directors (or other fiduciaries) of corporations or associations must be in the best interests of the shareholders. Such persons have duties to the investors (and the corporation) to act in good faith and with loyalty, due care and complete candor. Where there is an indication that a director's actions are influenced by self-interest or considerations other than what is best for the shareholders, the director lacks the independence required of a fiduciary and, as a consequence, that director's decisions cannot be honored. A landmark decision by the Supreme Court of Delaware underscored the sanctity of this principal and represented a major victory for C&T's clients.

Corporate Governance and Accountability

C&T is a Principal Advocate for Sound Corporate Governance and Accountability.

C&T supports the critical role its investor clients serve as shareholders of publicly held companies. Settlements do not provide exclusively monetary benefits to our clients. In certain instances, they may include long term reforms by a corporate entity for the purpose of advancing the interests of the shareholders and protecting them from future wrongdoing by corporate officers and directors. On behalf of our clients, we take corporate directors' obligations seriously. It's a matter of justice. That's why C&T strives not to only obtain maximum financial recoveries, but also to effect fundamental changes in the way companies operate so that wrongdoing will not reoccur.

Representative Cases

CNL Hotels & Resorts Inc. Securities Litigation, Case No. 6:04-CV-1231(M.D. FL).

C&T is Lead Litigation Counsel in CNL Hotels & Resorts Inc. Securities Litigation, representing a Michigan Retirement System, other named plaintiffs and over 100,000 investors in this federal securities law class action that was filed in August 2004 against the nation's second largest hotel real estate investment trust, CNL Hotels, and certain of its affiliates, officers and directors. CNL raised over \$3 billion from investors pursuant to what Plaintiffs alleged to be false and misleading offering materials. In addition, in June 2004 CNL proposed an affiliated-transaction that was set to cost the investors and the Company over \$300 million ("Merger").

On August 1, 2006, the Federal District Court located in Orlando, Florida granted final approval of the Settlement as fair, reasonable, and adequate, and in rendering its approval of an award of attorneys' fees and costs to Plaintiffs' Counsel, the Court noted that "Plaintiffs' counsel pursued this complex case diligently, competently and professionally" and "achieved a successful result." More than 100,000 class members received notice of the proposed settlement and no substantive objection to the settlement, plan of allocation or fee petition was voiced by any class member.

The Settlement resolves federal securities law and state law claims that were filed against CNL Hotels & Resorts, Inc. (f/k/a CNL Hospitality Properties, Inc.) ("CNL Hotels") and other individual and entity defendants ("Settling Defendants") in August, 2004. The Action was filed on behalf of: (a) CNL Hotels shareholders entitled to vote on the proposals presented in CNL Hotels' proxy statement dated June 21, 2004 ("Proxy Class"); and (b) CNL Hotels' shareholders who acquired CNL Hotels shares pursuant to or by means of CNL Hotels' public offerings, registration statements and/or prospectuses between August 16, 2001 and August 16, 2004 ("Purchaser Class").

The Proxy Class claims were settled by (a) CNL Hotels having entered into an Amended Merger Agreement which significantly reduced the amount that CNL Hotels paid to acquire its Advisor, CNL Hospitality Corp., compared to the Original Merger Agreement approved by CNL Hotels' stockholders pursuant to the June 2004 Proxy; (b) CNL Hotels having entered into certain Advisor Fee Reduction Agreements, which significantly reduced certain historic, current, and future advisory fees that CNL Hotels paid its Advisor before the Merger; and (c) the adoption of certain corporate governance provisions by CNL Hotels' Board of Directors. In approving the Settlement, the Court concluded that in settling the Proxy claims, "a substantial benefit [was] achieved (estimated at approximately

Representative Cases

\$225,000,000) and **“this lawsuit was clearly instrumental in achieving that result.”** The Purchaser Class claims were settled by Settling Defendants’ payment of **\$35,000,000**, payable in three annual installments (January 2007 to January 2009).

This is an excellent result in a litigation that presented extremely difficult and complex issues. The Settlement achieves outstanding benefits for CNL Hotels’ investors and, importantly, the Company is now well-positioned to pursue its business plan

In Re Chiron Shareholder Deal Litigation, Case No. RG05-230567 (Cal. Super.) & In re Chiron Corporation Shareholder Litigation, C.A. No. 1602-N (Del. Ch.).

C&T represents stockholders of Chiron Corporation in an action which challenged the proposed acquisition of Chiron Corporation by its 42% stockholder, Novartis AG. Novartis announced a \$40 per share merger proposal on September 1, 2005, which was rejected by Chiron on September 5, 2005. On October 31, Chiron announced an agreement to merge with Novartis at a price of \$45 per share. C&T was co-lead counsel in the consolidated action brought in the Delaware Court of Chancery. Other similar actions were brought by other Chiron shareholders in the Superior Court of California, Alameda City. The claims in the Delaware and California actions were prosecuted jointly in the Superior Court of California. C&T, together with the other counsel for the stockholders, obtained an order from the California Court granting expedited proceedings in connection with a motion preliminary to enjoin the proposed merger. Following extensive expedited discovery in March and April, 2006, and briefing on the stockholders’ motion for injunctive relief, and just days prior to the scheduled hearing on the motion for injunctive relief, C&T, together with Co-lead counsel in the California actions, negotiated an agreement to settle the claims which included, among other things, a further increase in the merger price to \$48 per share, or an additional \$330 million for the public stockholders of Chiron. On July 25, 2006, the Superior Court of California, Alameda County, granted final approval to the settlement of the litigation.

Rojas-Contreras v. Att’y Gen’l, No. 04-4762, 2006 WL 2052233 (3d Cir. July 24, 2006).

In this pro bono matter, one of C&T’s Associates represented a Colombian bacteriologist who was kidnapped, assaulted and threatened with death by the FARC rebels of Colombia, who thereafter sought asylum in the United States. The Department of Homeland Security denied asylum to the bacteriologist, and C&T represented her in the appeal of that denial. Subsequent to an oral argument before the Court of Appeals for the Third Circuit, C&T won remand on the denial of asylum.

In Re: Pennsylvania Baycol: Third-Party Payor Litigation, Case No. 001874, Court of Common Pleas, Philadelphia County.

In connection with the withdrawal by Bayer of its anti-cholesterol drug Baycol, C&T represents various Health and Welfare Funds, including the Pennsylvania Employees Benefit Trust Fund, and a certified national class of "third party payors" seeking damages for the sums paid to purchase Baycol for their members/insureds and to pay for the costs of switching their members/insureds from Baycol to another cholesterol-lowering drug. The Philadelphia Court of Common Pleas granted plaintiffs' motion for summary judgment as to liability; this is the first and only judgment that has been entered against Bayer anywhere in the United States in connection with the withdrawal of Baycol. The Court subsequently certified a national class, and the parties reached a settlement (recently approved by the court) in which Bayer agreed to pay class members a net recovery that approximates the maximum damages (including pre-judgment interest) suffered by class members. The class settlement negotiated by C&T represents a net recovery for third party payors that is between double and triple the net recovery pursuant to a non-litigated settlement negotiated by lawyers representing third party payors such as AETNA and CIGNA that was made available to and accepted by numerous other third party payors (including the TRS). C&T had advised its clients to reject that offer and remain in the now settled class action. On June 15, 2006 the court granted final approval of the settlement.

In re Freeport-McMoran Sulphur, Inc. Shareholder Litigation, C.A. No. 16729 (Del. Ch.).

In this shareholder class action, C&T serves as Lead Plaintiffs' Counsel representing investors in a stock-for-stock merger of two widely held public companies, seeking to remedy the inadequate consideration the stockholders of Sulphur received as part of the merger. In June 2005, the Court of Chancery denied defendants' motions for summary judgment, allowing Plaintiffs to try each and every breach of fiduciary duty claim asserted in the Action. In denying defendants' motions for summary judgment the Court held there were material issues of fact regarding certain board member's control over the Board including the Special Committee members and the fairness of the process employed by the Special Committee implicating the duty of entire fairness and raising issues regarding the validity of the Board action authorizing the merger. The decision has broken new ground in the field of corporate litigation in Delaware. Before the trial commenced, Plaintiffs and Defendants agreed in principle to settle the case. The settlement, which was approved in April 2006, provides for a cash fund of \$17,500,000.

In re McKesson Derivative Litigation, Saito, et. al. v. McCall, et. al., C.A. No. 17132 (Del. Ch.).

As Lead Counsel in this stockholder derivative action, C&T challenged the actions of the officers, directors and advisors of McKesson and HBOC in proceeding with the merger of the two companies when their managements were allegedly aware of material accounting improprieties at HBOC. In addition, C&T also brought (under Section 220 of the Delaware Code) a books and records case to discover information about the underlying events. C&T successfully argued in the Delaware Courts for the production of the company's books and records which were used in the preparation of an amended derivative complaint in the derivative case against McKesson and its directors. Seminal opinions have issued from both the Delaware Supreme Court and Chancery Court about Section 220 actions and derivative suits as a result of this lawsuit. Plaintiffs agreed to a settlement of the derivative litigation subject to approval by the Delaware Court of Chancery, pursuant to which the Individual Defendants' insurers will pay \$30,000,000 to the Company. In addition, a claims committee comprised of independent directors has been established to prosecute certain of Plaintiffs' claims that will not be released in connection with the proposed settlement. Further, the Company will maintain important governance provisions among other things ensuring the independence of the Board of Directors from management. On February 21, 2006, the Court of Chancery approved the Settlement and signed the Final Judgment and Order and Re-alignment Order.

Shared Medical Systems 1998 Incentive Compensation Plan Litigation, Philadelphia County Court of Common Pleas, Commerce Program, No. 0885.

Chimicles & Tikellis LLP is lead counsel in this action brought in 2003 in the Philadelphia County Court of Common Pleas. The case was brought on behalf of approximately 1,300 persons who were employees of Defendant Siemens Medical Solutions Health Services Corporation (formerly Shared Medical Systems, Inc.) who had their 1998 incentive compensation plan ("ICP") compensation reduced 30% even though the employees had completed their performance under the 1998 ICP contracts and had earned their incentive compensation based on the targets, goals and quotas in the ICPs. The Court had scheduled trial to begin on February 4, 2005. On the eve of trial, the Court granted Plaintiffs' motion for summary judgment as to liability on their breach of contract claim. With the rendering of that summary judgment opinion on liability in favor of Plaintiffs, the parties reached a settlement in which class members will receive a net recovery of the full amount of the amount that their 1998 ICP compensation was reduced. On May 5, 2005, the Court approved the settlement, stating that the case "should restore anyone's faith in class actions as a reasonable way of proceeding on reasonable cases."

***Gelfman v. Weeden Investors, L.P.*, Civ. Action No. 18519-NC (Delaware Chancery Court).**

Chimicles & Tikellis LLP served as class counsel, along with other plaintiffs' firms, in this action against the Weeden Partnership, its General Partner and various individual defendants filed in the Court of Chancery in the State of Delaware. In this Class Action, Plaintiffs alleged that Defendants breached their fiduciary duties to the investors and breached the Partnership Agreement. The Delaware Chancery Court conducted a trial in this action which was concluded in December 2003. Following the trial, the Chancery Court received extensive briefing from the parties and heard oral argument. On June 14, 2004, the Chancery Court issued a memorandum opinion, which was subsequently modified, finding that the Defendants breached their fiduciary duties and the terms of the Partnership Agreement, with respect to the investors, and that Defendants acted in bad faith ("Opinion"). This Opinion from the Chancery Court directed an award of damages to the classes of investors, in addition to other relief. In July 2004, Class Counsel determined that it was in the best interests of the investors to settle the Action for over 90% of the value of the monetary award under the Opinion (over \$8 million).

In the Delaware Court of Chancery, C& T represented the public unitholders of Hallwood Realty L.P. The action challenged the general partner's refusal to redeem the Partnership's rights plan or to sell the Partnership to maximize value for the public unitholders. Prior to the filing of the action, the Partnership paid no distributions and Units of the Partnership normally traded in the range of \$65 to \$85 per unit. The prosecution of the action by C&T caused the sale of the Partnership, ultimately yielding approximately \$137 per Unit for the unitholders plus payment of the attorneys' fees of the Class.

C&T represented three classes of investors who purchased units in two investment companies, ML-Lee Funds (that were jointly created by Merrill Lynch and Thomas H. Lee). The suits alleged breaches of the federal securities laws, based on the omission of material information and the inclusion of material misrepresentations in the written materials provided to the investors, as well as breaches of fiduciary duty and common law by the general partners in regard to conduct that benefited them at the expense of the limited partners. The complaint included claims under the often-ignored Investment Company Act of 1940, and the case witnessed numerous opinions that are considered seminal under the ICA. The six-year litigation resulted in \$32 million in cash and other benefits to the investors.

In re Real Estate Associates Limited Partnership Litigation, Case No. CV 98-7035, United States District Court, Central District of California.

Chimicles & Tikellis LLP achieved national recognition for obtaining, in a federal securities fraud action, the first successful plaintiffs' verdict under the PSLRA. Senior partner Nicholas E. Chimicles was Lead Trial Counsel in the six-week jury trial in federal court in Los Angeles, in October 2002. The jury verdict, in the amount of \$185 million (half in compensatory damages; half in punitive damages), was ranked among the top 10 verdicts in the nation for 2002. After the court reduced the punitive damage award because it exceeded California statutory limits, the case settled for \$83 million, representing full recovery for the losses of the class. At the final hearing, held in November 2003, the Court praised Counsel for achieving both a verdict and a settlement that "qualif[ied] as an exceptional result" in what the Judge regarded as "a very difficult case..." In addition, the Judge noted the case's "novelty and complexity...and the positive reaction of the class. Certainly, there have been no objections, and I think Plaintiffs' counsel has served the class very well."

Case Summary: In August of 1998, over 17,000 investors ("Investor Class") in 8 public Real Estate Associates Limited Partnerships ("REAL Partnerships") were solicited by their corporate managing general partner, defendant National Partnership Investments Corp. ("NAPICO"), and other Defendants via Consent Solicitations filed with the Securities and Exchange Commission ("SEC"), to vote in favor of the sale of the REAL Partnerships' interests in 98 limited partnerships ("Local Partnerships"). In a self-dealing and interested transaction, the Investor Class was asked to consent to the sale of these interests to NAPICO's affiliates ("REIT Transaction"). In short, Plaintiffs alleged that defendants structured and carried out this wrongful and self-dealing transaction based on false and misleading statements, and omissions in the Consent Solicitations, resulting in the Investor Class receiving grossly

inadequate consideration for the sale of these interests. Plaintiffs' expert valued these interests to be worth a minimum of \$86,523,500 (which does not include additional consideration owed to the Investor Class), for which the Investor Class was paid only \$20,023,859.

Plaintiffs and the Certified Class asserted claims under Section 14 of the Securities Exchange Act of 1934 ("the Exchange Act"), alleging that the defendants caused the Consent Solicitations to contain false or misleading statements of material fact and omissions of material fact that made the statements false or misleading. In addition, Plaintiffs asserted that Defendants breached their fiduciary duties by using their positions of trust and authority for personal gain at the expense of the Limited Partners. Moreover, Plaintiffs sought equitable relief for the Limited Partners including, among other things, an injunction under Section 14 of the Exchange Act for violation of the "anti-bundling rules" of the SEC, a declaratory judgment decreeing that defendants were not entitled to indemnification from the REAL Partnerships.

Trial: This landmark case is the first Section 14 – proxy law- securities class action seeking damages, a significant monetary recovery, for investors that has been tried, and ultimately won, before a jury anywhere in the United States since the enactment of the Private Securities Litigation Reform Act of 1995 ("PSLRA"). Trial began on October 8, 2002 before a federal court jury in Los Angeles. The jury heard testimony from over 25 witnesses, and trial counsel moved into evidence approximately 4,810 exhibits; out of those 4,810 exhibits, witnesses were questioned about, or referred to, approximately 180 exhibits.

On November 15, 2002, the ten-member jury, after more than four weeks of trial and six days of deliberation, unanimously found that Defendants knowingly violated the federal proxy laws and that NAPICO breached its fiduciary duties, and that such breach was committed with oppression, fraud and malice. The jury's unanimous verdict held defendants liable for compensatory damages of \$92.5 million in favor of the Investor Class. On November 19, 2002, a second phase of the trial was held to determine the amount of punitive damages to be assessed against NAPICO. The jury returned a verdict of \$92.5 million in punitive damages. In total, trial counsel secured a unanimous jury verdict of \$185 million on behalf of the Investor Class.

With this victory, Mr. Chimicles and the trial team secured the 10th largest verdict of 2002. (See, National Law Journal, "The Largest Verdicts of 2002", February 2, 2003; National Law Journal, "Jury Room Rage", Feb. 3, 2002). Subsequent to post-trial briefing and rulings, in which the court reduced the punitive damage award because it exceeded California statutory limits, the case settled for \$83 million. The settlement represented full recovery for the losses of the class.

Prosecuting and trying this Case required dedication, tenacity, and skill: This case involved an extremely complex transaction. As Lead Trial Counsel, C&T

Representative Cases

was faced with having to comprehensively and in an understandable way present complex law, facts, evidence and testimony to the jury, without having them become lost (and thus, indifferent and inattentive) in a myriad of complex terms, concepts, facts and law. The trial evidence in this case originated almost exclusively from the documents and testimony of Defendants and their agents. As Lead Trial Counsel, C&T was able, through strategic cross-examination of expert witnesses, to effectively stonewall defendants' damage analysis. In addition, C&T conducted thoughtful and strategic examination of defendants' witnesses, using defendants' own documents to belie their testimony.

The significance of the case: The significance of this trial and the result are magnified by the public justice served via this trial and the novelty of issues tried. This case involved a paradigm of corporate greed, and C&T sent a message to not only the Defendants in this Action, but to all corporate fiduciaries, officers, directors and partners, that it does not pay to steal, lie and cheat. There needs to be effective deterrents, so that "corporate greed" does not pay. The diligent and unrelenting prosecution and trial of this case by C&T sent that message.

Moreover, the issues involved were novel and invoked the application of developing case law that is not always uniformly applied by the federal circuit courts. In Count I, Plaintiffs alleged that defendants violated § 14 of the Exchange Act. Subsequent to the enactment of the PLSRA, the primary relief sought and accorded for violations of the proxy laws is a preliminary injunction. Here, the consummation of the REIT Transaction foreclosed that form of relief. Instead, Plaintiffs' Counsel sought significant monetary damages for the Investor Class on account of defendants' violations of the federal proxy laws. C&T prevailed in overcoming defendants' characterization of the measure of damages that the Investor Class was required to prove (defendants argued for a measure of damages equivalent to the difference in the value of the security prior to and subsequent to the dissemination of the Consent Solicitations), and instead, successfully recouped damages for the value of the interests and assets given up by the Investor Class. The case is important in the area of enforcement of fiduciary duties in public partnerships which are a fertile ground for unscrupulous general partners to cheat the public investors.

Because of C&T's leadership and extensive advocacy skills, a complex case, requiring thousands of hours of attorney, expert, paralegal and support staff labor, which faced fierce opposition at each turn, was fully litigated and tried to a jury. Because of C&T, 17,000 investors had their day in court and were heard. C&T brought this Action before the revelations about the extensiveness of "corporate wrongdoing," and at the time this Action was filed, C&T already recognized the need for a clear message to be sent to corporations, and to the decision makers running those corporations, that wrongdoing will not be tolerated and will not pay.
